

Our Approach

DART applies ratings across a range of criteria to assess household and community institutions

NO ONE IS LEFT BEHIND

We achieve this by building long-term partnerships

PARTNERSHIPS

We partner with national and local organizations whose mission is to enhance the institutional capacity of Self-Help Groups (SHGs) and their Federations.

Together we provide access to timely finance where needed.

Through our trusted partners, we are able to adapt to the real needs of households.

CAPACITY BUILDING

We build capacity of last mile institutions including SHGs & federations so that they can provide the trainings.

We provide feedback after each rating and formulate a training plan based on capacity gaps identified.

We deliver tailored trainings to the staff of organizations/last-mile institutions .

FEEDBACK

We seek feedback from our clients and community leaders and that's how we evolve and finetune our product and offerings.

Our Rating Score Explained

Rating	Description	Risk
A GREEN A+ GREEN	Outstanding performance in all areas of assessment A rating for consecutive 3 years	Minimal
B YELLOW	High performance One area of assessment may be weak	Low
C GREY	Non-Satisfactory performance More than one area of assessment may be weak Needs more support	Moderate
D RED	Under performance Several areas weak In need of support	High

We do Individual Ratings (Household) and Institution Ratings (Self-Help Groups, Federations, Micro-Enterprises, Farms)
